

DreamBox Theater is coming to WLA!

Have you ever wanted to be onstage? Join us this Fall for an **after-school drama enrichment program** for K-5th graders designed to explore acting and musical theatre. Students meet weekly and rehearse and play drama games that encourage teamwork, creative expression and public speaking skills.

This Fall we are producing the hit musical ***Fairy Tale Rock*** which showcases fairy tales with a dramatic twist. The villains will be starring in these stories and they will share their point of view. What did the Wolf really think of Little Red Riding Hood? And what did the Giant really think of Jack? Are Cinderella's stepsisters really as bad as we think? It's going to be a singin', dancin' fun time fracturing these fairytales! Students will also have visual arts opportunities to create costume pieces and props. On the final session of the program there will be a fully realized musical performance for family and friends to enjoy!

Every Thursday 2:20 - 4:00 PM
September 26- November 14

**Final performance will be Saturday, November 16 at 2 pm*

\$160 per student. Limited enrollment.
Includes t-shirt, costumes and crafts
